### SUMMARY

I am a 16 year old high-school student currently studying my Cert III in Animal Care Services through the University of Queensland.

I love working with animals and their owners and, with the help of mum and dad, I have been a pet-minder for the past five years. I am incredibly proud that I have over 200 5-star reviews for our pet-care.

I'm currently seeking volunteer placements in animal-related businesses as part of my Cert III studies and to learn from industry professionals.

### PET CARE EXPERIENCE
